

## **Deep Vein Thrombosis - Intermediate Risk Case (score 1-2)**

### "Near Live" Usability Testing

History (Standardized patient):

Provider: "Hi, what brings you in today?"

Patient: "I have swelling in my right calf and it hurts when I touch it. It is quite uncomfortable. I have a fever, and I have been a little warm at night before I fall asleep.

And I've never had anything like this before and my leg looks really ugly! I hope you can give me something for this."

Physical Exam (Provided in written form):

T 98.6, HR 110, Lungs: CTABL, Ext: RLE ttp, pitting edema
